# Greetings from the Headmaster

As I complete my second year as Headmaster at the Halifax Grammar School I write this message with a sense of great warmth toward the entire school community and, at the same time, a tinge of regret that I will not be here next year. My decision to leave has been a difficult one because of the tremendous sense of community spirit that exists in this school.

In my years of teaching I have seldom had the opportunity to interact with students who are so eager to learn and so committed to excellence in so many ways. The contagious sense of responsibility, achievement and fun that exists in this school establishes it as a unique and enriching place.

I will miss the friendly interactions that I have had with so many students. From listening to the Primary students read their first written stories to me, to sharing birthday muffins with Prep School students, to skiing with the Upper School and to simple chats in the hallway, I will miss many things about this school.

To the students I want to thank you for the experiences we have shared during my two years here and hope that wherever our paths may cross in the future we can greet each other as friends who can share the uniqueness of having spent time together at the Halifax Grammar School.

My best wishes are extended to the graduates as they embark on their careers and to the entire student body as they grow in mind and spirit in their future years at the school.

M.A. MacPherson, Ph.D.  
Headmaster

# From the Front Desk

“All the world’s a stage,  
And all the men and women merely players:  
They have their exits and their entrances,  
And one man [student -ed.] in his time plays many parts.”

During their years at H.G.S. the students occupy many roles and enter and exit through many different doors. As we sit here listening to the phone ringing, unable to answer it, we think of another role students could potentially occupy. We know that in the future the graduates will be more than just players on the world’s stage. Good luck and don’t forget to visit.

Mrs. Chisolm, Mrs. Jackson, Mrs. Hansen

# Student Council

STANDING: Kellie Manning, Liza Piper (President), Lisa MacNeil-Covin (Treasurer), Robert Marchand (Staff Advisor), Chris Coxon, Matthew Brannon, Michèle Clark, Farah Mukhida SEATED: Billy Killorn, Thomas Brooks, Maya Mukhida, Tamar Altschuler, Julie Henderson (Vice-President), Christina Lee (Secretary), Anthony Abato

The nature and purpose of the H.G.S. Student Council has been changing significantly over the past few years. It has progressed from a body solely responsible for the organization of student events, to one that is involved in all areas of student life, both extra-curricular and academic. These new opportunities would not have been possible without the support of Dr. MacPherson, who will be sorely missed, and Mr. Marchand, our esteemed staff advisor.

Despite all of these new responsibilities, council continues to expand into such areas as recycling, a student newsletter and a speaker series. I hope that this will be a trend that continues for many years to come.

This is not to say that we have abandoned our traditional roles such as supporting a foster child and organizing dances and Winter Carnival activities, this year complete with Sumo wrestling (we were all out of Jell-O). Best of luck to everyone.

Thank you,  
Liza Piper  
Student Council President

# The Graduates

Megan Acheson  
A.K.A. Who?

*Megan Acheson*

Megan's first experience at Grammar began with three stressful days camping at Keji. She quickly became one of the bunch and we learned to adjust to her loud yet bubbly nature. Academically, it seemed like Megan spent as little time as possible at school and thus defined the term "a part-time student." When Megan did appear at school it was seldom without her wicked, limited edition Jeep, which, by the way, is the real reason we were able to overlook some of her other habits. (Just kidding Meg!) Megan was also the first person in our class to acquire her license, which made for some very memorable moments, such as the drive to Greek Fest when the front wheel of her Jeep fell off. This would not have been so bad if the Jeep wasn't moving at the time. Joking aside, Megan is an outgoing house captain who thrives on skiing. She is also a caring, loving, huggable person who knows how to have a good time. Good luck at UCCB!

P.S. Don't forget where to look for your keys (U.N.B.)

*Andrew P. Barker*

Andrew Barker  
A.K.A. Beaker, Beak

"Personally I am always ready to learn, although I do not always like to be taught." - Winston Churchill

"I expect to pass through life but once. If therefore, there be any kindness I can show, or any good things I can do to any fellow being, let me do it now, and not defer or neglect it, as I shall not pass this way again." - William Penn

Andrew is a thirteen year veteran of HGS. He has been the class doctor and, as far as is known, has diagnosed with impeccable accuracy all of our ailments. He has been a committed member of the soccer, volleyball, basketball and badminton teams at HGS. Beak claimed the male athlete of the year award in '93/'94 for his spectacular soccer skills and smooth, "I wanna be like Mike", basketball moves. He has maintained his place on the honour roll throughout his senior years. Beak has always had an answer for every question, even before they were asked (remember French class?). He was always the first one to arrive at school and constantly claimed the best parking spot, which was never more than ten paces away from the front door. (Hey Beak, how early DID you have to get up?) We will never forget Andrew's inviting personality and caring nature which let everyone feel comfortable around him. Cheers!

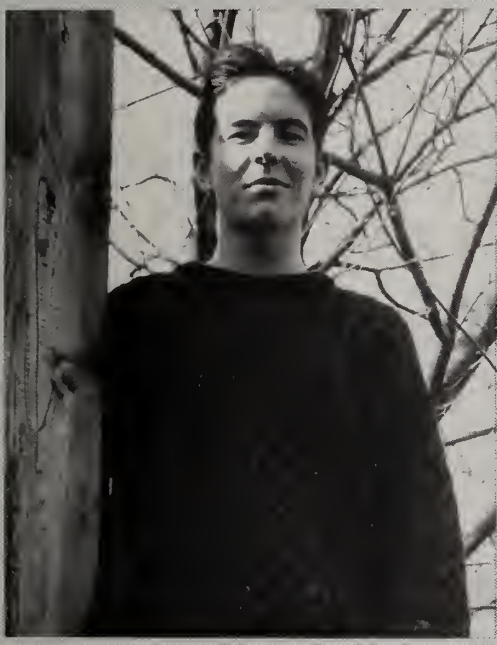

Noël Belcourt  
A.K.A. André, "Sam"

*Noël Belcourt*

"The way to success is not a ladder, it's a greased pole." - Arnold Glasgow

"Life with the nerve endings hanging out, that's the way it has to be." - Sting

Noël has been at HGS for five years and has maintained a high average through his dedication to his studies. André is also an athlete of all seasons. In autumn, Noël can be found on the soccer field, with the HGS senior boys team. In winter, Noël can be found at the top of magnificent Mount Martock, Nova Scotia's biggest molehill, or in Antigonish struggling through intensive training for the pending ski season. During the spring and summer seasons, Noël is captain of his own boat, a one man Laser, and is also a sailing instructor. Life after school for Noël will include travelling with his locker to Namibia or the Antarctic in an attempt to use the other 98% of his brain. Noël's personality can be described as profound, or is that spelled p-e-r-f-e-c-t-i-o-n-i-s-t? Noël has a responsible, intelligent and ambitious character which has made him an inspiring part of our class. Good luck in all of your life's journeys.

*Matt Brooks*

Matthew Brooks  
A.K.A. Fabio

"The best way to win an argument is to begin by being right." - Anonymous

"When opportunity knocks, some people are in the back year looking for four-leaf clovers." - Anonymous

Matt has been attending Grammar for nine impressive years, during which he has kept a respectable average. His contempt towards learning languages is often displayed before and after French class. Matt will continue his education by embarking on a journey into sports medicine. He enjoys sailing, also has a hidden talent for playing piano and guitar. He finds inordinate pleasure in criticizing people who can't drive, claiming "They have their license, but shouldn't". Matt enjoys listening to music and reading up on the latest advances in hair gel. He has replaced more negative, early memories of Grammar with fonder ones of our class trips to Boston and Quebec. Matt can be described in three words: deep, very deep. He is also generous, perceptive and sarcastic. Hey Matt, Bonne Chance!

Sarah Bryant

*Sarah Bryant*

"Even if you're on the right track, you'll get run over if you just sit there." - Will Rogers

Sarah has been attending HGS since grade seven. Her commitment to academics has maintained her position on the honour roll throughout her junior and senior years. Sarah was a new addition to the Senior High girls soccer team this year. She quickly developed an uncanny ability to head soccer balls. Sarah also enjoys horseback riding. Her sometimes painful honesty often puts Sarah in compromising situations. Unfortunately for Sarah, some of her most embarrassing moment can be found on video. (Remember the "spaghetti incident".) She is an active participant of Amnesty International and is a co-founder of the ACL Club. Her desire to be a veterinarian will hopefully not be hindered by her phobia of unclaimed loose hairs. In twenty years Sarah will no doubt be found living in Ireland with Mick Jagger, listening to the rolling Stones. Best wishes in all future endeavours.

P.S. Watch out for hidden cameras!

*Yi-Ling Buss*

Yi-Ling Buss

“Bleib nicht auf ebmen Feld!  
Steig nich zu hoch hinaus!  
Am schönsten sieht die Welt  
Von halber Höhe aus.” - Nietzsche

An HGS rookie, Yi-Ling's first obstacle was teaching the class and staff how to pronounce and remember her name. Yi-Ling's academic prowess has been maintained despite her transfer to the different curriculum of Grammar. Yi-Ling exhibits no stress during her academic hours at HGS, and manages to complete her assignments at least two weeks in advance. (HOW do you do it?) Between her academic demands from HGS and her involvement in piano and a Latin course at Dalhousie, Yi-Ling finds time to enjoy running and playing basketball. Her goals for university are to achieve a degree in Classics and medicine, and to learn to speak Cantonese, Russian and Greek. Her love of food, liver not included, may explain her fetish for French cuisine. Yi-Ling is a kind, studious and intelligent addition to our class. She will be remembered on our last Keji trip not as Yi-Ling but as “the new girl”. Best of luck Yi-Ling.

Rachael Butlin  
A.K.A. Rach, Rachelle, Roch

*Anna - Rachael Butlin*

“Fame is a vapour, popularity is an accident and money takes wings. The only things which endures is character.” - David Halberston

“Don't be afraid to be foolish, but be wise of who you are making a fool of.” - Nathan Butlin

Rachael came to HGS in grade ten. She moved from the slightly less populated area (hick town) called Tatamagouche. Rachael always shows a great interest in athletics, participating on the soccer and volleyball teams for the past two years and acting as captain of the basketball team for the past three. She claimed the Upper School Sportsmanship Award, despite her few, or not so few mumbled words with the referees. Rachael's academic future will lead her to be a television or radio DJ, and to obtain a degree in journalism. Part of Rach's unique personality is attributed to her love of natural wonders like warm starry nights, ocean waves, pouring rain and falling snow. Most important to her is her liking of procrastination, both as a vocabulary word and a way of life. Rach is the editor of “DUH!”, a school newspaper and is a Royals house captain. Rachael's witty and sarcastic (“derive this!”) personality has often lifted her classmates' spirits. Bye Rach, “Have a good one!”

Ken Cartmill

*Ken Cartmill*

“Judge not before you judge yourself.” - Bob Marley

Ken has been at Grammar for four long years. He has always had an honourable average as well as an impressive array of other activities. An avid soccer player, both inside and outside of school, Ken displays his skills as a talented mid-fielder either through deliberate acts of exhibition, or when he is scoring a goal for the team. Ken also enjoys skiing, volleyball and running. When he is not racing up and down the length of a soccer field, or while absorbing television light and sound waves. Ken's love of soccer, the remote control and junk food are only surpassed by his admiration for Bob Marley. He can often be seen mumbling Marley's lyrics as he walks to class or as he routs through his locker. Ken will be remembered for falling asleep in front of the campfire at Keji, (of course he didn't mean to. He was only wrapped up in his sleeping bag hiding behind the back row, while the rest of us sang and read poetry.) Ken is kind, dedicated, smart and intuitive. Best wishes in the future!

Janet Cooper  
A.K.A. Coops

Janet A. Cooper

"Do yourself a favour as you walk through life: Slow down and take the time to really see. Take a moment to see what is going on around you right now, right where you are. You may be missing something wonderful. Do this and you will realize that this moment is all there is, more importantly, this moment is all you have to make a difference in life." - J. Michael Thomas

Coops started her HGS education in grade six. Her main passion is her involvement in sports. Although Janet has been on the volleyball, basketball, badminton, track and cross country teams at HGS, her energy and tremendous effort on and off the field clearly demonstrate her first love, soccer. Janet has been a perfect, a prep school liaison and a Royals house captain. Janet's ability to be everywhere and to do everything all the time continues to phase our class. She will be remembered as the most spirited person in our class, (actually the most spirited in the world) and for her ability to love everyone unconditionally. Janet can be described as very sentimental because of her favourite phrase "this is our last . . ." which she has said after every event this year. Coops is 'one of kind!'. Never change Janet and good luck!

Amanda Horton

Amanda Horton  
A.K.A. Pat, P. Face, She-ra

"Courage is resistance to fear, mastery of fear, not absence of fear." - Mark Twain

Mandy joined our happy class in grade ten. We thought she was nice . . . However it wasn't until grade eleven that she finally came out of her shell. This enthusiastic girl actually seemed to enjoy exams. She contributed a childlike perspective to our class. She-ra, with her stomach of steel, often wasn't around, but could almost always be found on a diving board flipping through the air, or more likely, in the bathroom. She was an Acadia house captain, a prep school liaison and played the important role of goalie on our soccer team. One thing we know for sure is that Timbit will not be studying French or History at university, nor will she become a foot specialist. Outside of school most of our spare time was spent at Mandy's wonderland, a.k.a. her house. Next year will be difficult without her trampoline. Mandy has the ability to achieve anything she sets out to do. See you in the Olympics.

Mamdouah Kassim

Mamdouah K.

Mamdouah is the other rookie in our class this year. He moved here from Saudi Arabia, where he was credited with an average in the 90's. He is a determined student who has worked hard at learning a new language and the customs of Canada. Otherwise, he enjoys spending his time playing computer games and driving fast. Even Mamdouah who never complains about anything, dislikes operas, sunglasses, Tim Hortons and his boot. (don't ask!) He experience two firsts at Grammar this year: camping at Keji and seeing snow. Mamdouah is shy, sincere and hard-working and deserves the best life has to offer. Good luck in whatever path life leads you.

*Alison Keen*

Alison Keen

"Life is what happens when you've

planned something else." - M. Scott Peck

Before she came to HGS in grade eleven, Alison led a very different life, but we soon changed that. Her first experience with us was at Keji, where her involvement and dedication to Rangers became disturbingly obvious with her fire staring skills. Aside from her interest in camping, Alison was a dedicated member of HGS athletics. She joined the soccer team in grade eleven and scored one of the few goals of the season. Her efforts continues throughout the season to earn her the 100% award. Alison was also a member of the basketball and volleyball teams at HGS. She was a responsible and enthusiastic Royals house captain in both grades eleven and twelve. Alison is a committed student whose academic effort has secured her a position on the honour roll for two years. She is continually moving (don't you ever sit down?) and can often be found displaying and attempting new tricks with her popular devil sticks. Alison is a kind and gentle person with a welcoming personality. We will miss your hugs Al.

Christina Lee  
A.K.A. Christina P, Dottie

*CD Lee*

"I'll open my own jars" - Murphy Brown

"Drink! For you know not whence you came, nor why; Drink! For you know not where you go nor why." - Edwards Fitzgerald

"Lift up your faces, you have a piercing need./For this bright morning dawning for you/History, despite/Its wrenching pain cannot be unlived, but it is faced./With courage need not be lived again." - Maya Angelou

Dottie joined our class six long years ago in grade seven. Since then she has maintained a high academic standard. Although Chris enjoys playing soccer, volleyball and basketball, she has a talent for dislocating her shoulder at the most awkward times, like in the shower. She has 'popped' her shoulder a total of five times . . . so far. Christina was the Student Council secretary in grade twelve and a dedicated editor of the 1994 Grammarian. She is a humorous, intelligent, responsible and caring person who has been a tremendous addition to our class. Christina will no doubt succeed in whatever she chooses to do. Good luck in the future.

Wynne Lock

*Wynne Lock*

"Punctuality is a virtue of the bored." - Evelyn Waugh

"Everyone has talent. What is rare is the courage to follow the talent to the dark place it leads." - Erica Jong

Wynne has endured the rigorous requirements of HGS for four years. Throughout this time she has been committed to academics and has remained on the honour roll. Wynne has been a member of the volleyball, basketball and one of the dedicated few on the badminton team in senior high. She also endures the long, cold and crowded bus trips to Martock to enjoy the Friday night skiing. Wynne is an inventive Glooscap house captain, introducing herself as "Wynne, as in we're gonna win!" Outside of school, Wynne is a local volunteer and is quickly becoming an excellent piano player. She aspires to be a doctor or a computer science engineer. Wynne's wild side, which is never shown at school, dreams of engaging in the outrageously exhilarating sport of hang gliding. Wynne has the neatest rulers and gadgets from Toronto, Tokyo and Hong Kong. She is a quiet, inquisitive, intelligent person. Good luck Wynne in whatever city you end up in!

Andrew MacFarlane  
A.K.A. Mac

"Never question what I am. God knows it comin' from the heart." - Chuck D.P.E.

Mac has been at Grammar for twelve years, having taken a break in grade nine. His academic efforts have ensured him a place on the honour roll. Andrew is very involved in HGS athletics as a consistent member of the soccer, volleyball, basketball and badminton teams. He was awarded MVP for his impressive contributions to the senior boys soccer team. Outside of school Andrew is a dedicated and formidable tennis player, demonstrated by his participation in the 1993 Canada Games in B.C. His talents for tennis are enhanced by his teaching skills at a summer tennis camp. Andrew is an involved volunteer at community church Sunday suppers. In the future he aspires to become a lawyer. When Andrew is not involved in sports, he is looking for batteries for his disc man. Andrew has a particular liking for rap music which is often displayed by his use of slang in his conversations with his classmates. Andrew is honest, intelligent, talented and humorous. He has a funky personality which has made our class "down with all that". Good luck Andrew, we will look for you in front of the defense table, not behind it.

Bradley McCallum  
A.K.A. Ranger Joe

"Spread love wherever you go . . . let no one come to you without leaving better and happier. Be the living expression of God's kindness; kindness in your face, kindness in your eyes, kindness in your smile, kindness in your warm greeting." - Mother Teresa

Brad is a thirteen year survivor of HGS. He is known for his love of nature and scuba diving. He has always had a keen interest in science. Brad will be remembered for fire walking and his campfire songs and enthusiasm (SHARK ATTACK!) Brad was one of the Acadia house captains and proved to be a great leader. He was always willing to be there for anyone and helped them feel better in the end. Brad has been a great asset to the class and it would have been incomplete without him. We are confident that his hard work will pay off in all his future endeavours. Brad will be forever remembered for his generosity, love and kindness that he gave unconditionally.

P.S. Thanks for the hugs!

Paul Miller

"Let the end try the man" - Shakespeare

"He who bears in his head a cathedral to be built is already victorious. He who seeks to become a sexton of a finished cathedral is already defeated." - Saint Euxpéry

Paul has been a student at HGS for three years. He has always strived to succeed academically and has achieved a notable average. Life outside of Grammar shows Paul's interests in skiing, weightlifting and baseball. He intends to earn a degree in arts and to pursue a career in law. Paul is honest and intelligent and is sensitive to others. He is appreciative of sincere, loyal, honest and open minded people. His other concerns are directed towards his status in the reputable "gel for men club" (Is he president or just a member?). Paul is sarcastic, humorous and frank characteristics which make for a great conversationalist. Good luck in all you choose to do.

*Mukhida*

Farah Mukhida  
A.K.A. Mukhi

"Dishonesty is like a boomerang. About the time you think all is well, it hits you in the back of the head." - Anonymous

"There is no experience better for the heart than reaching down and lifting people up." - John Andrew Holmer

Farah has been a prestigious member of the HGS academic program for four years. Although her stress levels at times were dangerous to her classmates' health, not to mention her own, she has always maintained her position on the honour roll. Farah's and a "Grammarians co-editor, perfect in upper five and six, a dedicated member of Amnesty International and an editor of 'DUH!'. Her favourite letter 'D', can coincidentally be used to sum up her immediate future after HGS, Dalhousie and Dartmouth. A proud citizen, Farah is often subject to Dartmouth related comments. However, she will never leave any remark uncontended. Her other future, at Dalhousie, will find her studying science and eventually medicine. Farah is outgoing, intelligent and tragically sarcastic, "love those lyrics". She was always at school, sometimes until five o'clock, to help anyone who needed it. Be young. Have fun. good luck, Farah.

Joel Schwartz

*Joel Schwartz*

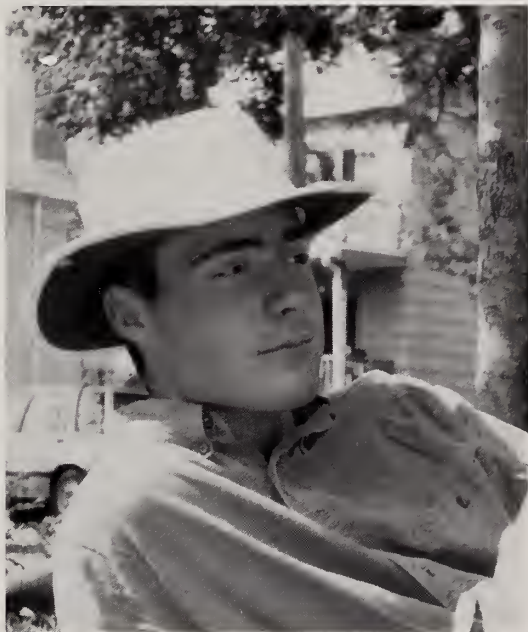

"Be true to yourself and you will never fall." - Michael Diamond

Joel transferred from the urban area of Chezzecook to the big city and joined Grammar three years ago. Throughout his time here, Joel has maintained an average in the 80s. He has been athletic since we met him and he continually impresses us with his perfect pecs and buffed bi-ceps. Joel has been a member of the senior boys basketball and soccer teams. He enjoys weightlifting. Life guarding and acting, both on stage and in the back row of the class. After graduation Joel hopes to travel and explore the other corners of the world. (What? You mean Eastern shore isn't diverse enough for you?) Joel's amazing capacity of food, his enjoyment of loud music and his hacky sack abilities make him the ultimate party animal. Joel has a particular disliking for studying (who doesn't), country music and chemistry. Among other things Joel will be remembered for his contributions to the quebec trip in 1993. He is a humorous, intelligent, thoughtful and charismatic person who has added the right amount of je ne sais quoi to our class. It's been a blast, best of luck!

Under the skilled leadership of Miss Wyse and with help from Alice MacLachlan, the members of the Calligraphy Club met once a cycle to explore new forms of penmanship and design. This was our most successful year ever - besides making holiday cards and letters, we designed and sold beautiful notepaper to raise money for calligraphy pens. Thanks to all our members and generous supporters.

This group met with great enthusiasm every week in the library. Olivier and Matthieu Bernier helped to organize things at each meeting, and they very capably set up tournaments and championships all year long. Next year we hope to host our first HGS Chess Tournament! Beginners are welcome. Special thanks to Mrs. Lindsay for looking after repairing our chess boards. They're terrific!!

# Star Trek Club

This group had fun together . . . sharing favourite parts of the Star Trek series with each other and learning how to draw the Starship Enterprise. They shared lots of "Trekkie Trivia" each week and had a secret salute in their club meetings. The Star Trek Club members will tell you that their meetings were out of this world!!! This club is now in its 6th year at HGS. It was commenced when James Perry was in Prep 3. James had done an independent project on the sinking of the Titanic which stirred up considerable interest. This club has produced plays, done commemorative candlelight memorial services for the Titanic and watched lots of videos about the famous ship. This year, many of the group members attended a replica launching of the Titanic at the Public Gardens, in May of 1995. Presidents: Reuben Solomon and Jenny MacDonald, Prep 5.

# Environmental Club

This group has had an action packed year. Jessica Johnson, Prep 3 and Carole Reid, Prep 5, have been co-presidents all year and they have done a super job! We have alerted everyone to the need to help take care of the world, as well as raising some money to purchase a tree for the front of the school planted on May 6th, Environmental Day. The Prep School has done an especially good job recycling paper, cans, bottles and milk cartons. Thanks, Jessica and Carole for a job well done!!

# Garfield Club

This group got together and shared their favourite cartoons about that fantastic feline, Garfield. They spent lots of time trying to create their own cartoons . . . some of them were excellent! We had a great deal of fun reading together and laughing together!! Presidents: Carl Eisenbarth, Andrew Conrod and Will Cochran, Prep 3.

## Breakfast Club

The members of the Breakfast Club were Lisa MacNeil-Covin, Jennifer Degrasse, Andrea Bezanson and Kellie Manning. At the beginning of the year we all noticed that the four of us arrived at school at least a half hour before everyone else. Throughout the year we enjoyed this quiet time together by doing homework from the night before, listening to Kellie's radio, helping Andrea write 'Andrea's Bulletin' and drinking hot chocolate. Breakfast Club was like a wake up call and prepared us for the day ahead.

## Live Poets Society

The superficial, materialistic nature of modern society has forced some of the more transcendental members of our Grammar community to seek escape, over the course of the past year, within the powerful and cosmic realm of poetry. During this weekly retreat our members (a.k.a. devoted, grovelling, awestruck servants of the Grand Ovid) would communally imbibe the wondrous works of the great masters as well as share their innermost thoughts by means of the immortal medium of poetry.

This year, once again, HGS debaters had the opportunity to participate in provincial, national and international debating competitions. In February, Alice MacLachlan represented Canada at the World Debating Championships. Karen Kiang and Nicholas Wright were selected to attend the National Student Commonwealth Conference in Ottawa in May. Alexa Smith was named best Grade Eight debater at the Nova Scotia Junior high Debating Championships, and Alexa and Robin MacLachlan participated in the Junior Nationals from May 10th to the 13th. The HGS team of Alice MacLachlan, Ian Caines and Liza Piper placed first at the Nova Scotia Senior High School Debating Championships. Individually, Alice won the Gold-

en Gravel and was the top grade eleven contestant, Ian was the best grade ten debater and Liza came in third overall. Both Ian and Liza were selected to go to the Nationals in Montreal in April. For the first time, HGS sent a delegation consisting of Karen Kiang, Peter Brannon, Janet Cooper and Ian Caines to the Southern Ontario Model United Nations representing Turkey. Liza Piper and Alice MacLachlan helped organize the Provincial Commonwealth Conference and Liza ran the Nova Scotia Youth Parliament in May. The debaters would like to thank Ms. Sinclair for being such a dedicated coach and for continuing to encourage us to reach for the top. Her absence will be greatly felt by all debaters.

# Amnesty International

Amnesty International is a worldwide, independent organization of human rights activists. It is a society which believes that all individuals must not be denied their basic human rights because of their personal beliefs and identities. The HGS Amnesty International society included students from grades ten, eleven, and twelve. The society met Thursdays at lunch to write letters to head of governments stating our concerns for the violations against certain individuals' human rights. We also protested against the imprisonment and mistreatment of prisoners in various countries around the world. Amnesty International worked hard this year to help prisoners of conscience and we would like to thank Mme. Smith for her time, effort, and dedication to this cause.

# Au Revoir

Mrs. Buley's energy is legendary in the Prep School. This Prep 3 teacher has taken her class on annual camping trips and excursions to Parrisboro, N.S. She has also initiated several clubs in the Prep school, including the Titanic and Calligraphy Clubs. One of the leading figures in our school environmental program, Mrs. Buley will not easily be replaced. Princeton is lucky to have her.

Miss Saunders has been with us for several years. In that time, she has been Head of Mathematics and has also taught Geography and Calculus. Miss Saunders will be remembered, not only in the classroom but on the soccerfield and basketball court. She has guided and coached school teams and will be missed by all. Good luck in Germany - we wish you the best and look forward to hearing all about it.

The Dragon that Came to life  
(to my Mom and Dad)

One morning I heard that there was a snow storm on the radio and I didn't have to go to school. So I got dressed and went outside and build a snow dragon and it came to life at the end of the day. Then I went in and went to bed. In the meantime, the dragon began to shout Rrrrr at the ground. The next morning I woke up. It was tearing up the vegetable patch. I went out and stopped it then I went inside and rested with a hot drink.

Fire  
 Warm wind brushed against my face,  
 smothering suttly smoke,  
 Clogging my vision,  
 Thrusting, the fury, the anguish,  
 Merciless in their rage,  
 The soft easy cracking of wood,  
 Before realizing it,  
 The fire crept up,  
 And was staring at me.  
 Burn, Burn, shrieked I,  
 It lit up a fiery red,  
 With one might last blow, it died.  
 Then I felt the cool touch of misty water.

I am a mouse. Hello, I am a meadow mouse. It freezes when my enemies come so they will not notice me. Oh oh, a fox is coming. Be very quiet! The fox saw me so I ran to hide under a big leaf. The fox stopped, I've lost him for good. Now he can't find me. The fox is gone. I come out from my hiding spot but the fox comes back. I ran from him. I tripped over the foxes' claw then he swallowed me. He didn't chew me. Then I ran out of his mouth.

On Monday, January 16, 1995, there was a big earthquake in Japan at the city of Kobe. 2500 people have been killed. There are raging fires and toppled buildings. Power was knocked out in many areas and underground pipes burst, sending water gurgling over the ground. Bridges were cracked and cars were in the water. There was a train off the track. It is Japan's worst earthquake in 40 years.

The Seasons

I like winter and summer because in winter there is a smell of pine trees and frost and the sound of my snowman’s head falling off. When I am hiking in the woods I hear the cracking of the trees. In summer I like hearing the bees buzzing in the flowers, hearing the water sloshing in the watering can when Dad is watering the plants. When we go sailing I can hear the water lapping on the side of the boat and the rustling of the sail. Far away I can hear the waves crashing against the rocks in the distance an hear seagulls. I can see the sun setting. It is pink and yellow.

I’m a bad puppy. I went into a hen house and spilled the eggs and got the eggs all over me. The hen chased me. I was scared. I ran fast. I saw a cat. I was tired of running but I had to. A cat was chasing me. I missed my mummy and I ran into a house and then a girl got me out with a broom. I went into a garden with carrots. I was lonely. I wanted to go home. My owner got me. I ran away. I ran into a puddle. I got dirty but my owner got me and gave me a bath. I do not like a bath. It is cold. I am home. I have my mummy. My mummy said “where have you been Little Dog?” We are together.

#### Stain

Like to repeat what I just said  
 Just in case you were in bed  
 If you had a dog it would be blue  
 'Cause you have no I.Q.  
 A boy with no brain  
 Is like a man going insane  
 If you know what I've been saying  
 you're probably in some rehab praying  
 Don't know what I mean  
 'Cause I'm not using any of my machines  
 If your brain has not yet surrendered  
 Then right now you wouldn't be thinking of blenders  
 A trend not broken  
 Is like a teenager never to be smoking  
 If flying to hell  
 There will be a sign by its smell  
 Hope you hear it this time  
 'Cause if you didn't I'll commit a crime.

Complaint to Angels  
 Every night at sleepy-time,  
 Into bed I gladly climb.  
 Every night anew I hope,  
 That with the covers I can cope.

Adjust the covers aft and fore,  
 sigh, and settle down once more.  
 Behold, a breeze! The curtains puff.  
 One blanket isn't quite enough.

Yawn and rise and seek your slippers,  
 Which, by now, are cold as kippers.  
 Yawn and stretch and stand yourself,  
 And fetch a blanket from the shelf.

And so to sleep again, for goodness  
 sake,  
 Then you dream and toss and wake.  
 Where is the breeze? There isn't any.  
 Two blankets, boy; are one too many.

The angels who should guard my bed,  
 I fear are slumbering instead.  
 O angels, please resume your hovering;  
 I'll sleep, and you adjust the covering.

#### Magic Boat

Oly and poley and poly with goat  
 were flying in their magic boat  
 Oly was captain and poly was crew,  
 Both of them did not know what to do.

Out and about the universe they went  
 Never knowing how much time they spent.  
 Their boat was always afloat, and classy they say  
 The goat on the boat was alive until this day.

First Day of School  
Teachers sit, smiling,  
Predators awaiting their prey,  
Mouths aching to yell 'detention'.  
Fingers twitching to hand out homework.

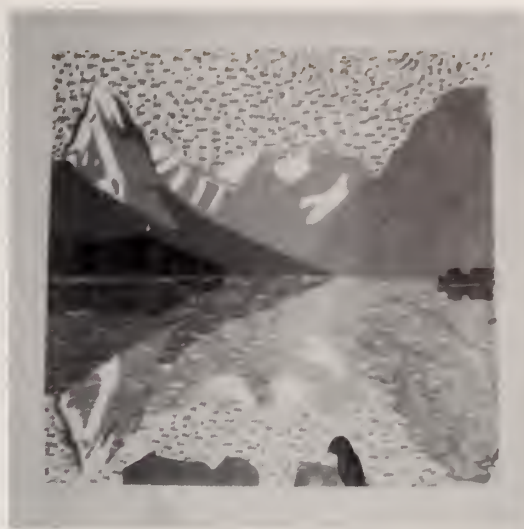

Excitement heightens,  
The innocents are at the door!  
A cackle escapes the lips of a demon,  
As it watches its students file into  
their electric chairs.

Boredom drains their life force  
With each word of lecture spoken,  
By now, senseless mounds of flesh  
Awaiting the Saviour bell.

An eternity in hell  
Pitied even by Sysiphus,  
Yet, finally a bell rings!  
The monsters shriek  
And slowly fade into the shadows  
Their job unhappily at end.

The children rush out of Hades  
But hearts are heavy  
For tomorrow is another day.

Within the walls of a city ghetto.

The baby's turned into a boy now

He tries his luck  
But is simply stuck  
Within the walls of a city ghetto.  
Then one night  
In a fit of desperation  
The young man breaks a rule  
He buys a gun  
And steals a car  
He tries to run  
But does not get far  
And his mother cries

The race  
Can Iaines  
(Pen name)

I saw a cow a'wander'n  
across the green meadow.  
I saw a vulture circling  
above the ground below.  
The cow was sheathed in glossy fur  
with magnificent black spots.  
It's face was broad as barleyhof<sup>1</sup>  
it's ears as big as pots.  
Ten cubits long,  
from nose to tail.  
In the sky  
did the vulture sail.  
Then from the sky,  
a glitter, did the vulture spy.  
And there on the ground was the  
cow,  
who did prepare to fly.  
The cow sprung up into the air  
it gave the vulture chase.  
The vulture shot off through the sky,  
for now it was a race.  
Cross'd the dark green forest  
our friend the vulture wallowed.  
Behind him in the sky,  
the valiant cow a'followed.  
At last the vulture succumbed,  
and fell unto the ground.  
The cow behind him reached the  
earth,  
no doubt to, the vulture, pound.  
Then said unto the vulture he,  
"Rise, my friend and go."  
The vulture rose and walked away,  
Wings bent, back hunched, head  
low.

I saw a cow a'wander'n  
across the green meadow.  
I saw a vulture circling  
above the ground below.  
And they were friends,  
and flew through the air.  
Odd, thought I,  
but what a pair.

Ode to a Frog  
(in Iambic Pentameter)

O! Frog! Thou art a prince; Gus is thy Name.  
Beautiful skin; two layers a raincoat.  
Ovarian ducts thou hast not, alas . . .  
For thou art Gus! Not Bertha nor Hilda.

O! Amphibian! Full of life but now  
Pinned unceremoniously to a  
Wax tray; unskilled hands have opened thy gut.  
Thy last meal - inspected, scorn'd and thrice cleaned.

Why so silent o frog? Jumpeth thou not?  
Escape! from thoughtless rubber-gloved hands.

### Freedom

Everyone talks of freedom,  
The greatest thing they claim,  
But do they know what freedom is  
Or simply know its name?

For freedom knows no boundaries,  
No rules written in ink.  
But when my freedom takes from yours  
Great freedom will you think?

Many of us close our eyes  
To visions of freedom sweet.  
We'd rather simply turn our heads  
And from such dreams retreat.

Man knows all different freedoms,  
Of body, mind and soul.  
But neglect he does the spiritual one  
And soon he'll pay the toll.  
Several 'round this unfair world  
Campaign for freedom near,  
Not knowing they at least can taste  
What some long for with tears.

Lemon Quarters  
At the dinner table  
When we ate fish  
With a quarter of lemon  
Not everyone was stupid enough  
To eat a whole lemon quarter,  
Although it wasn't a great accomplishment  
To anyone else that sat and watched you eat it all.

Only one of the five of us  
Would poise the lemon quarter  
In her thumb and middle finger,  
Prepared to quickly jam the entire sour quarter into her mouth.

And you'd sense the sourness of the fruit  
Before you released the lemon's bitter juices  
Onto your unsuspecting tongue.  
And you'd see the two dares  
Laughing behind their eyes.  
And you knew then that it would be better to grin and bear it  
Than to resign.

And then there was that moment,  
When you wished for a brief moment  
When the dares would be distracted  
And you could dip the sour fruit  
Into the sugar bowl not three inches away.  
And then you cram the wicked fruit  
Into your unsuspecting mouth  
And your tongue and senses quickly respond  
To the intrusion of this taste  
Which causes your lips to pucker  
And your eyes to squint.

Then you chew swiftly  
To remove the bitter taste,  
And are swallowing pieces much too large  
For your esophagus to manage,  
But you force them down.

And you are relieved when  
You swallow the last morsel  
Of bitter lemon, which you thought  
so brave of you to swallow.

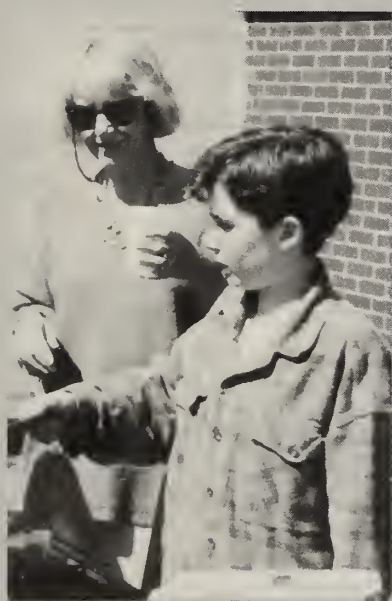

Then you look up to receive praise  
Of your accomplishment,  
And then think that next time  
To be the darer.

# Goodbye

Dr. Macpherson has been our able leader for two years. During that time, the International Baccalaureate program has been instituted and the school has established several new programs. However, Dr. Macpherson is best remembered surrounded by several grade 3s, all eager to draw his picture. It is with great reluctance that we watch our headmaster return to his beloved Cape Breton.

Ms. Sinclair has taught every History course in the Upper school during her stay here. She has also acted as University Liaison and guidance counsellor to many students in the school, chaperoned the annual Grade 10 Boston trip and has taken HGS debating to new heights of success. She will be missed, not only for her legendary binder checks and epic exams, but for her guidance and inspiration to all of us.

Mr. Nielsen has only been with us for one year. Within this year, he has organized and updated the school computer systems, established a larger computer lab and taught several levels of Computer science and computer programming. All of us at the Halifax Grammar School are grateful for his substantial renovations and wish him luck in the future.

## Junior Boys & Under 13

The Under 13 boys competed well in the Junior High 'B' League where they finished first overall, then lost out in the playoff finals. At the CAIS Tournament the boys went on to win the consolation side of the Tournament. The Junior boys finished third in their division before losing out in the quarter finals. They also finished a well earned second at the MAIS Tournament.

(front row) Ashley Seaman, Lydia Dunn, Catherine MacPherson, Jana Miller, Quynn Morehouse, Alexa Smith, Darah Gaum.

The Senior Girls soccer team had a very busy - and enthusiastic soccer season this year. With help from their coaches the girls won the Sacred Heart Invitational Tournament, and came second at the MAIS Tournament. The last game of the season was a 4-2 heart breaking loss at the Provincial qualifier in windy Lockport.

This year's junior high girls soccer team was definitely, let's say unique. For the second year in a row we travelled to King Ontario for the second annual National Independent Girls Soccer Tournament. Out of twelve teams, we placed a respectable seventh. Way to go girls! I have to admit that this past season as a soccer coach was extremely enjoyable. My U3s developed quickly as solid soccer players displaying excellent work habits and attitudes both on and off the field. The U2s although few in numbers, certainly made valuable contributions throughout the season. The handful of rookies continuously showed improvement and determination. Each one of them made great strides. I hope each one of you will continue to participate in the most popular sport in the world, whether it be through coaching, playing or spectating. Thank you!
